SWIMMING POOL LOSES IN CLOSE VOTE

Nurse Tells About Work In Arlington

Barrington Casts Decid-
ing Vote Against Arl.
Heights Project

Lack of interest in the proposed swimming pool for Arlington Heights on the part of the general public is blamed for its defeat by a vote of 215 to 201. Less than half of those who received the ballots took the trouble to vote either way.

Under the plan proposed, the site would have been donated, as well as the labor but a \$25,000 bond issue would have been necessary.

Barrington Gets Jealous

When Barrington learned that there was a possibility of the erection of a swimming pool in Arlington Heights, an over-zealous secretary of the park board of that town "cooked-up" a lot of figures, sent them down to Arlington Heights as "exhibit A" why Arlington Heights should not build a swimming pool. The letter was accepted as facts by its recipient with the result that considerable unfavorable publicity was given to the pool project.

When other Barrington officials became aware that a letter from their park board, carrying fake figures was being used as political propaganda in Arlington Heights, the secretary was instructed to send a second letter with the true facts and figures. Whether or not the said secretary wrote the second letter, no publicity was given to it prior to the final day for voting on the project.

Thus Arlington Heights people will remain patrons of the Barrington pool.

Movie of Christ's Life Will be Shown Nov. 19 To Arlington Lutherans

The beautiful master film, "Christus," in seven reels will be shown in the Arlington Heights Lutheran church hall October 19. This picture tells the sacred story of the world moving life of Jesus of Nazareth with all reverence and faithful adherence to the Biblical account. It shows the sweet story of His birth on the first Christmas night, the development of His holy life as the divine servant of humanity, His agonizing death struggles ending on the cross, His quiet burial, and finally, His triumph over the forces of death on the first Easter Sunday.

Here is a story that will never grow old, that will live forever in the hearts of sorrowing, dying mankind. This picture is not a theatrical performance, but a true and simple presentation in a Biblical manner of the divine-human Savior. It is really a visualized course on the life of the Christ and as such particularly impressive for young Christians.

There will be two showings of "Christus," one at 6:30 o'clock and the last at 8 o'clock. Admission is 25 cents for adults and 15 cents for children. The advance sale of tickets is in the hands of the Junior Walther league.

Lutheran Churches Plan Three Mass Celebrations Of Bible's Translation

The Lutheran churches of the Synodical conference of this circuit are planning a great mass celebration of the 400th anniversary of Luther's Bible translation in 1534. Twenty-one congregations from Norwood Park to Woodstock are participating and the details of the arrangements are in the hands of the following committee: Pastors, J. E. A. Mueller and H. C. Fricke, and Wm. Lehmann, Wm. Bendien and Herman Knigge.

Sunday, November 4, has been set aside for a triple mass service, one at Crystal Lake, the other at Arlington Heights and the third at Des Plaines. In addition a series of five services will be held during the week in each of the congregations, emphasizing some special blessing of the open Bible.

Much enthusiasm has been aroused amongst the pastor's and laymen of the district and no doubt this celebration will be one of the greatest and most inspiring ever observed by the Lutherans of this area.

A Set of Dishes Given Away Free Each Day of Sale

H. L. Hagenbring, proprietor of the Hagenbring 5¢ to \$1 store is holding a unique sale, starting Friday and including Monday. He is going to give away free each day of his sale a 32-piece set of dishes. Each customer participates.

This sale has some very unusual bargains. Regular patrons of this store know that if bargains are to be found in the wholesale market, Mr. Hagenbring finds them and brings them to Arlington Heights. His adv. will be found on page 8 of this issue.

REPUBLICANS HEAR TALKS AT ARLINGTON

Volz Leads Meeting; 500
Young G. O. P. Listen
To Candidates

A blast at the party in power and a demand that all the voters be brought to the polls in November was issued Friday night in Arlington Heights at a mass meeting sponsored by the Young Men's Republican club and under the direction of Rex Volz, chairman of the club.

In addressing the meeting Mr. Volz characterized young blood as essential to and the backbone of the party and nation. Some 500 persons were present at the meeting which was held in Englekirk's garage.

"It has been reported that some individuals within the ranks of our political opponents in Cook county, who have been entrusted with the distribution of relief and public works, have threatened unfortunate citizens with discrimination and consequent loss of employment and relief aid. These unfortunate citizens have been asked to swallow not only their pride, but their patriotism, and support the local Democratic candidates," Mr. Volz charged.

"That, young men, calls for a fight. The time has come to take the offense," he said.

The meeting was called to order by A. F. Volz, chairman of the fifth district Republican club and turned over to Rex Volz, who in turn introduced Arthur Bidwill, candidate for state senator; Mrs. Berneice T. VanDervries, candidate for state representative, James C. Moreland, candidate for county assessor, and James A. Kerns, candidate for county treasurer.

The chief speaker, Jacob D. Allen, candidate for clerk of the probate court, was introduced by Samuel Golon, representing the county central committee. Also present was George A. Schwebel, candidate for county superintendent of schools, a man with an enviable record as head of the Cicero public school system.

Closing remarks were by William Busse, county commissioner from Mt. Prospect, who asked a complete registration of all voters.

Mr. Busse urged approval of the \$30,000,000 relief bond issue, which is to be retired with gas tax funds. Failure to approve this will result in a real estate tax rate increase amounting to 65 cents per \$100 of assessed valuation, he said.

Gang Poses As Democrats To Steal Riches, Says Allen

The political gang machine that is throttling the life out of Chicago is not the Democratic party.

It has not been the Democratic party for a dozen years," charged Jacob D. Allen, candidate for clerk of the probate court, at the Republican mass meeting held in Arlington Heights Friday. "It is a combination of conspirators who set about over a dozen years ago to enrich a small corrupt clique of individuals through the use of a party name."

In a searing denunciation of the ruling faction in city and county government today, Mr. Allen attacked Boss Nash, Mayor Kelly, and Judge Jareki. Terming them "the Cermak-Jareki-Rosenburg-Crowe-Nash-Kelly-Horner crew," he compared them to the notorious Tweed ring in New York city.

The same leaders control the city, the county board, the forest preserve district, the South Park board, and the sanitary district. Mr. Allen charged them flatly with being concerned only with fooling the public and stealing from the public purse.

He charged County Judge Edmund J. Jareki with being in league with the Democratic chief-tans to keep the party in power through control of the election machinery. Election judges and clerks twice convicted of fraud were re-appointed a third time to the positions by that judge, Mr. Allen charged.

Allen's Speech

Mr. Allen said in part as follows:

The first duty of any candidate or any speaker in this campaign is to discuss the fundamental issues of the whole party ticket and party program, rather than to under-
take any consideration of either his own individual candidacy, or that of any particular candidate for any particular office.

In this campaign we stand or fall together. We stand as a party and as a ticket. We are one for all and all for one. This is a practical program. The issues of this campaign in this community are of such a nature that they permit no other course.

I am more seriously concerned about the outcome of this campaign this year than I have ever been about any campaign. There have been other campaigns when I wanted to win. There have been other campaigns when my heart was wrapped up in some candidate and his success at the polls. There have been campaigns when it was a desperate bitterness to lose. We have all felt that way. But this year, in this local campaign, an entirely different and more serious

Majority Is Republican

Cook county should send men to Congress that will represent the convictions of the majority of our citizens. That majority has been and is now Republican—the majority of this county still believes in government, "of, by and for the people."

Money for this work is from the village's one-third of the state gasoline tax moneys collected in the village.

Republican Speaker

RED WINGS WIN FINAL BALL GAME

Morton Grove Loses 7-4;
Arlington Team Won 19
Lost 4 in Season

With George Schaefer in top form pitching a sweet ball game and with his team mates playing heads up ball in back of him, the Arlington Red Wings brought to a close their 1934 baseball season by winning 7 to 4 over the strong Morton Grove club last Sunday afternoon. This ended one of their most colorful seasons of baseball in Arlington Heights.

Schaefer, pitching real baseball, pulled himself easily out of the pinches during the game by keeping Morton Grove's swinging at a ball that really had something on it. George also collected two timely hits.

With the score of 7 to 4 in the Red Wings favor, Schaefer was relieved in the last part of the 8th inning by Billie Dietrich, who went the balance of that inning and also the ninth to put a finishing touch to the game by holding Morton Grove hitless and also making a beautiful stop for a put out at first on the last man to face him.

The Red Wings faced the great speed demon "Felske" whom they drove off the mound in the sixth inning when they started to bombard Felske's fast ones. Felske gave up the mound to Belmeick who finished the game.

The game itself was a clean-
up affair throughout with the Red Wings scoring one run in the third inning on a fielder's choice by Bille Dietrich, who hit Volz on the head. They scored three more in the fourth on a hit by Bolte a walk to Dietrich a hit by Tossman and a hit by Volz. Four more were scored in the sixth on a hit by Dietrich a walk to Pitzen, and hits by F. Brodman, Volz and Schaefer.

Morton Grove scored one run in each of the third, fourth, sixth and ninth innings.

Hits off Schaefer 9 in 7 2-3 inn-
ings; off Dietrich 0, off Felske 8,
off Belmeick 2.

Struck out by Schaefer 7, by
Dietrich 1, by Felske 8, by Bel-
meick 2.

With the fans enjoying every minute of the game which was one of the hardest fought for this season, the game ended in another victory for the Red Wings bringing the season's record to 19 wins and 4 losses for a new record. The old one being in 1930 when the Red Wing's won 18 and lost 5.

Arlington Grade Boys
Work on Model Planes;
Plan Endurance Meet

Model airplanes are occupying
the attention of Arlington Heights
grade school boys. Under the di-

rection of Willard Vanderbeck,
manual training instructor, 22
boys are busy constructing model
airplanes.

Materials for the model airplane
club arrived late last week and the
boys immediately went to work on
flying models. When all are com-
pleted a model airplane meet is

planned to determine whose plane
will stay in the air longest.

A model constructed recently by
Mr. Vanderbeck has maintained its
self in the air for longer than two
minutes. The models are powered
by rubber bands.

IN MEMORIAM

In loving memory of our dear
beloved daughter and sister, Alma
Hellwig, who passed away October
12, 1933.

When we consider part,
It gives us inward pain;
But we're still joined in heart,
And hope to meet again.

Mr. and Mrs. Louie Frost
and family.

If little Billy Dean Utterback
and his daddy, F. C. Utterback,
seem unusually happy, it's because
of the little girl that arrived Octo-
ber 9. Mrs. Utterback and baby
are at the Elmhurst hospital and
both doing nicely. Congratulations.

Miss Johnson, kindergarten
teacher, has recovered sufficiently
to return to her home at Wilmette.
She hopes to be back at school
next week.

Bob Brown recently moved to a
home on South Walnut.

Mr. and Mrs. Sterns have moved
from South Chestnut to the house
formerly occupied by the Knabe
family on South Mitchell.

Sunday, Mr. and Mrs. George
Palmer and children visited rela-
tives at Alden, Ill.

Mr. and Mrs. Guy Hallenbeck
and daughter, Catherine, of Toledo,
Ohio, visited the first of the week
with their niece, Mrs. O. G. Barrett.

Rev. and Mrs. W. C. Monroe of
Woodstock spent Sunday with their
son, Jack Monroe.

Mrs. John Monroe is anticipating
a visit from her brothers, Paul
Fellingham this week-end. He is
coming from Ann Arbor to see
Michigan play Chicago University.

Mrs. William Kelo of South
Mitchell street entertained nine
persons at Sunday night supper.
Later in the evening they all drove to
Sycamore to hear Bishop Waldorf
address the closing session of the
Rock River M. E. church confer-
ence to which Mrs. Kelo was a
delegate.

Twenty pupils of the Arlington
Heights grade schools are listed on
the honor roll issued Wednesday.
Two of these received high honors.

In the North school: Grade 8—
honorable mention, Gertrude Glave,
Grace Franke, Evelyn Jarvis, Bea-
trice Hein, Evelyn Vogel, Yvonne
Holmes, Esther Daggett; Grade 7—
honorable mention, Jean Marie
Mors, Barbara McWharter; Grade
6—honorable mention, John Harth,
Marjorie Nelson; Grade 5—high
honors, Marjorie Moodie; hon-
orable mention, James Jirak, Maria
Hartke, Ruth Heuer.

In the Southside school: Grade
6—high honors, Constance Smart;
honorable mention, Alice Diekman,
Doris Traikoff; Grade 5—honorable
mention, Betty Steppick, Gloria
Frederickson.

MORE ABOUT
Allen's Talk

(Continued from page 1)

When Boss Tweed was convicted of debauching the City of New York, the scandal of it shocked the world. The scandal of the Tweed ring was written into the history of a generation, yea, of three generations. To this day and to this hour the unsavory memory of Boss Tweed hangs like a pall over the Democratic Tammany crowd of New York City. That is plain enough to anyone and to all of us. It is not so plain to all of us that the disgrace of the Tweed gang in New York is reproduced in the Cermak-Jarecki-Rosenberg-Crowe-Nash-Kelly-Horner crew in Chicago.

We have grown up in the midst of present and immediately past conditions. We have lived with them so long and we have become so familiar with the unwholesome face of fact that we have lost the keen afront of horror that they have to other communities throughout the country.

Talk As Citizens

We talk here tonight as Republicans. I would just as soon talk with you as citizens of this community. Let us take off the label of party politics. We can do that without the loss of a particle of self-interest as regards our party and our local ticket and be just as plain spoken.

We all have many neighbor friends who are Democrats, who are honorable people, who command our respect, who are good neighbors, kind fathers, loving husbands, and who have just as much affection for this community and this country and our flag as we have.

Now, I do not say that those neighbors are an active part of the so-called Democratic gang that is running this town. There is a great deal of difference. The political gang machine that is throttling the life out of Chicago is not the Democratic party.

It has not been the Democratic party for a dozen years.

It is a combination of conspirators who set about over a dozen years ago to enrich a small corrupt clique of individuals through the use of a party name.

The present group of men in control of our City, County and State government is no more concerned with the teachings of Thomas Jefferson than they are with the teachings of Franklin Roosevelt. They have no more concern with the political principles of the President of the United States, the head of the Democratic Party, than they have for the teachings of Bryan or Wilson, of Stephen A. Douglas of Cleveland, or Tilden of Jackson, or Alfred E. Smith, or of any other Democratic leaders, past or present.

Foot the Public

What are they concerned with? They are concerned with fooling the public. They are concerned with fooling the voters of Chicago through as many years as they can, and perpetrating through the use of a once honored Democratic party name in this community, a continuous steal of the public funds and the public power for their own enrichment by whatever lawless, ruthless methods, may be required to attain their end.

Twelve years ago in the election of 1922 there was laid the foundation for all that. All that has happened since in the development of the Chicago Tammany and the looting of our local governments finds its source there.

In that year they secured con-

trol of the Presidency of the County Board of Commissioners and of the office of Judge of the County Court.

The multiplying tax burdens and complicated confusion of our public finances have all developed during the little over a decade since 1922.

It is fair to note that the same local leaders controlled the County Board with its complete power over the budgets of County offices during all the years of our multiplying burdens; they controlled the Sanitary District, the South Park Board, and they are directly responsible for the original local "brain trust," so called, efficiency expert Jacob whom they finally appointed assessor without benefit of election.

Democratic Scandal

The scandals that have shocked Chicago in the whoopee era of the Sanitary District, in the building of the Criminal Courts Building, in the purchase of lands for the forest preserve system, the leasing of South Park lands and the Municipal Pier for private profit, the requirement of tax evasion settlements of more than hundred thousand dollars each by public officials; all these matters of almost daily revolution lie directly at the door of the same group of men.

I need not call their names, to refresh your memory concerning ten years of public debauchery and always we find the same clique of mercenary political conspirators in evidence:

Cermak, Jarecki, Rosenberg, Tim Crowe, and last but not least the un-elected Mayor of Chicago, Edward Kelly, who as chief engineer of the Sanitary District, served his party so well that he was forced to make a settlement of over \$100,000 to the Government for 3 years income.

What To Do About It

I want to close with a thought or two about what we are going to do about all this. Our Republican Party, in the great majority, through every one of these twelve years that this crew has been manipulating, allowed ourselves to be fooled and tricked and bribed and frightened into compliance or co-operation, indirect or otherwise, with the whole scheme, did not realize what was going on.

This year good citizenship has but one choice of an honest ticket of candidates. Good citizens, when properly informed, cannot consider support of either the local Democratic or its ticket. Good citizenship, regardless of National Party affiliation, must join us in demanding, not asking, support for our local Republican ticket from every honest voter. Let us, too, go to our responsible Democratic friends and neighbors and say to them, "Come with us; we do not ask you to be Republicans. We know that you love this town just as much as we do. We know that you would like to clean the rascals out of your own party, and the only way you can do it is to come in with us for temporary refuge. We do not want to abuse your confidence in your own party. We want to make you welcome with us. The Republican Party is an American party. It is a patriotic party. We can still support Democratic presidents as a patriotic duty just as we have in the past, just as patriotically, and just as honestly as you can, and as you have supported Republican presidents. We know you are a good citizen, come along with us in a good citizenship campaign in this county to clean this nest of vipers out and put decent, honest men in local office. Let's put some plain, simple, hon-

est, old fashioned bookkeeping and decency back in control of our community's affairs.

Honest Democrats

There are thousands of honest Democrats in this town just waiting for some of us to be generous enough and thoughtful enough to give them the opportunity to go along and help clean up their own party.

We had to clean ours up. We had rascals that forfeited the confidence of the people. We have been through the storm. We had to "clean house." We know what it is all about.

Why not ask them on our side this time?

Finally, we can do it. We can win. Chicago has a sufficiently powerful majority of honest independent citizen voters, to clean house whenever aroused.

Chicago has always had the "will to win." Let us arouse the "I will" spirit of our people.

You tell me about the money that the Democrats have against us. I know all of that. I do not care. You tell me about the jobs they have against us. I know that and I do not care. You tell me about the methods of intimidation that they will use by their filthy abuse of the Emergency relief and that they treat it as a Democratic campaign fund. I know all about that and I do not care.

Tell me all about your troubles and I will be glad to hear them, but still, I do not care. I have had troubles. I have had lots of them, I expect to have more and what of it?

We are not the only people or city or party that has ever been confronted with difficulties in facing great odds, nor is this the first time.

Fight Against Odds

The only romance that I know of in all time is the romance of the courageous heart and determined mind and the will to win against overwhelming odds.

The Henry Fords, the Edisons and the Abraham Lincolns, the whole history of the greatness of our country itself has been written in the difficult dreams of a people's opportunity as presented to you people, to the Republicans and the honest citizens in this town tonight.

Sweep Everything

Never have we had such a happy opportunity to sweep everything before us. Never has our own party, like Gideon's band, been so poor. Never has our own party had such a clean group of men to lead it. Never has the opposite party been so glutted with self-confidence and rapturous through every department of our civil government here in Chicago.

The opportunity of the whole history of this town is yours and mine tonight if we will take the tools that are at hand and call our neighbors to help us to win for decency against the enemies of good government and the fair name of Cook county. We can do it.

Let us not worry about what the other side has or what we lack. In the spirit of free men and free women, every one in America, Kings and Queens in their own right of self government, let us grasp the opportunity in this election for civic redemption and regeneration. Let us set our hearts and minds to the will to win.

Sanitary Express Service

SWIFTLY—both by train and truck, the milk from BORDEN'S inspected herds on inspected farms flows into Chicago. In each insulated railroad car, two mammoth sterilized glass-lined tanks perfectly protect the milk—and the trucks, too, carry the same type of sanitary glass-lined tanks.

That's just another reason why BORDEN'S MILK is always the kind of milk you want your family to drink.

Now is the time to drink VITAMIN D milk

Shorter days—more time spent indoors—smoky air—clouds—means the sun supplies you with less sunshine vitamins. To make up for this lack—for protection against rickets in children—for better development of strong bones and teeth—drink BORDEN'S IRRADIATED VITAMIN D MILK. It's good for grown-ups as well as children. It costs only 1c more than regular milk.

Order from the Borden Milk Man, or phone Des Plaines 886

glad;

The Fair goes on, the weather's fine Just count your mercies and don't whine.

Political pot begins to boil. Republicans held an enthusiastic meeting staged by the Young Men's Republican club last Friday night—a real mass meeting.

The Democrats held their storm center of enthusiasm Saturday night, Shayne's Arlington Ballroom. So now after all voters are registered, the real struggle for votes will begin.

Rummage and White Elephant sale given by the Woman's club, November 3, 1934.

Mr. and Mrs. J. Y. Beaty were in town Saturday, calling on his mother, attending to business interests.

Mr. and Mrs. Kincaid have moved from their recent home on East Euclid toward the city.

Mr. L. G. Helm and Mr. and Mrs. Howard Helm were caued to the home of Mr. George Helm in Nebraska, where he was suffering from severe illness.

The Missionary Society of the Presbyterian Church gave a Missionary tea in the Friendly cass room of the parish house Friday afternoon. There will be an interesting program given and the opening of the summer envelopes, the tea and a social hour, a good attendance is requested.

Mr. and Mrs. Rudolph Duebelle are the parents of a son born October 8, 1934, in the Palatine hospital.

Mr. H. A. Kossack was called to Iowa first of this week by the death of one of his old parishioners.

Mr. Otto Hietman entertained the Sunshine club Wednesday this week in her home on North Dunton avenue.

Mr. and Mrs. H. E. Olsen have moved from the Raymond Rapp house to an apartment in the Hendrick building on North State road and St. James place.

Mr. and Mrs. Steve Bauer have moved from the home of his parents on Douglas avenue, to Chicago.

Mr. and Mrs. Ned Jayne and their little son from Wheaton, spent Sunday with her home folks, Mr. and Mrs. G. J. Rau, son and daughter.

Mr. and Mrs. Peter Hartman, after a long residence and business place, have moved from North Linton avenue to a new home on South Evergreen avenue. The old home.

The next meeting of the Lutheran Kindergarten Auxiliaries will be held at Immanuel School hall, Des Plaines, Wednesday, Oct. 17, at 2 p.m.

Miss Grace Knox and Miss LaVea Baxter entertained Sunday at a bridal shower in honor of Mrs. Carl Erickson, the former Bernice Gavtarop. The bride was the recipient of lovely gifts.

The veterans at the Speedway hospital wish to thank their many friends in Arlington Heights and Mt. Prospect for the beautiful flowers they have received throughout the summer.

The regular Arlington Heights Infant Welfare society will meet Thursday, Oct. 11, at 8 o'clock at the American Legion home, 303 W. Campbell.

The Toussaint residence on North Pine avenue has been improved by a removal of the old much impaired stucco and replaced by new siding.

The J. C. Moehlings are having a new home built in South Mount Prospect, a large roomy estate where they can have plenty of space for their skillful gardening.

Mrs. Paul Hoffman is going soon to join her husband in New York for a visit, before he has to go to Canada on business for his employers.

The O. M. Johnson family enjoyed another of their delightful auto trips up in the region of Lake Geneva, and the fine scenery round about.

Mrs. Frank Cizk spent last week in Chicago attending a musi-

cal convention. The lecturer was her former teacher, Professor Williams.

Mrs. Olive Allison from Chicago was in Arlington Heights over the weekend the guest of Mrs. Richard Bray, and also calling on old friends of whom but few are left.

She returned to her cottage at the camp ground Monday. Later she will go to the homes of her sons in Chicago, and prepare for her trip to California to her sister, Mrs. House, who is not well and is alone. Mrs. Allison has many friends out west as well as relatives who will be glad to see her.

Mr. and Mrs. Charles Scherf have been enjoying frequent auto trips in the scenic regions not far from home. Their new Buick proves a safe vacation help in getting over far spaces. They were in the Wisconsin picturesquely part of the state, better than a long railway trip.

Early Winter Ended Strange Series of 1887

By RAYMOND E. HAYES

A hard-driving team of Cardinals from Arlington Heights won from Warren at Gurnee last Friday in the first Conference game for the Cardinals. The score, 13-0, is a fair estimate of the difference in abilities of the two teams.

A slight edge in weight in the line, superior blocking, and greater speed in the backfield gave Arlington the call in a well-fought, interesting game.

The first quarter was featured with punting by both teams. Zimmerman, with the wind blowing strongly behind him, had much the better of the booting. However, these gains were promptly nullified by fine returns on the part of Szasz of Arlington.

One of Weisgerber's two completed passes, came near the close of the quarter and put the ball on Warren's 32 yard line. Rohlwing's left tackle for five yards and the quarter ended. Two successive first downs placed the ball on Warren's 8 yard line. Here a recovered fumble enabled the home team to kick out.

The second Arlington march got as far as the hostile 34 yard line, where a penalty followed by an intercepted pass again pulled the Gurnee team. The punt was returned by Szasz twenty-three yards to the 42 yard line of Warren. Here Weisgerber uncorked his second good pass, which netted 27 yards. Rohlwing's catch, made over his left shoulder as he leaped high in the air, was superb. Beautiful interference swept Steve Szasz around right end for a touch-down on the next play. A plunge converted the try for point.

Soon after the kick-off which followed, Phillips, flashy freshman of Warren, intercepted his second pass. A completed pass over the line followed by one of Zimmerman's patented off-tackle twisting runs accounted for a Gurnee first-down as the half ended with the score: Arlington 7, Warren 0.

Kelton's boys put on a typical second-half drive which carried to the Cardinal 19 yard stripe before the Arlington line smothered it. Nice defensive work by Arlington's secondary pulled the punch from Zimmerman's long passes. Warren never was close again.

Early in the fourth quarter, after Warren had again lost the ball on downs, Szasz broke through left tackle for a fine 64 yard run. An inexcusable clipping foul by Arlington, caused the ball to go in on play on Warren's 35 yard line, with the score not allowed. A whole series of Szasz plays followed, but the ball was lost on downs. Shortly before the game ended the ball was put in play by the Cardinals on their own 20 yard line. Again Szasz swept through, this time for 80 yards and a score. The game ended one minute later.

If it had not been for an early winter that year—the boys might be playing yet.

PENSENVILLE LIGHTS WIN

Bensenville lightweights defeated Palatine's lights 13-6 Monday night.

Bensenville scored with a forward pass and by recovering a blocked punt. Palatine scored with a 12-yard end run by Mess.

ZUPPKE WITNESSES

Bob Zuppke, Illinois football coach, is the author of an article which will appear in the Saturday Evening Post issue of November 3, on the stands October 30.

TRIPS: BREAKS COLLARBONE

A freak accident in a touch-ball game last week resulted in a fractured collarbone for Andrew Gallagher of Barrington. He tripped over a companion's foot and fell on his elbow.

However, the strangest stunt of the entire series was pulled by St. Louis when that club withdrew from the series for one day, October 16, to play an exhibition game with a Brooklyn nine. And—no kidding—lost, 10-3.

If it had not been for an early winter that year—the boys might be playing yet.

PENSENVILLE LIGHTS WIN

Bensenville lightweights defeated Palatine's lights 13-6 Monday night.

Bensenville scored with a forward pass and by recovering a blocked punt. Palatine scored with a 12-yard end run by Mess.

CONFERENCE SHORTS

Leyden is leading the conference in scoring with 50 points to their opponent's 0. . . . Libertyville had an open date last week before opening their campaign for a third successive title on the home gridiron with Leyden tomorrow afternoon. . . . Palatine has six mighty good backfield men Palatine's averaged 45 yards at Bensenville Friday.

Zimmerman has scored one touch-down for Warren this season on a fumble play and had four other gains of 20 yards or better on similar plays. . . . Mountain, who played tackle on the Palatine lights last year, started at left tackle for Barrington at Leyden Friday. . . . If Palatine defeats Barrington today it will be their first season in the conference with more grid victories than defeats. . . . Engeling, one of Palatine's best linemen injured in the Loyola game, will not see action again this season in football but is expected to be a leading basketball candidate. . . . Bensenville and Palatine are the two conference teams which do not play Libertyville.

The Bensenville team did not get its suits back from the cleaners, where they had been sent during the summer, until the week before their opening game. . . . Bensenville has 125 out for band and 25 out for football. They won the state band contest in class C and lost all their football games last year. No over emphasis charges on sports need be launched against that school. . . . Jobbie Eiserman, 150 pound Libertyville star was a big factor in the 15-6 victory of Lake Forest college over Beloit Saturday with a 45 yard run for touch-down on an intercepted pass.

ST. PETER 12, ST. JAMES 6

St. Peter Lutheran school of Arlington Heights defeated St. James Catholic school of Arlington Heights 12-6 in a football game Monday. White scored twice for St. Peter. Myreck scored for St. James.

GAME IS TODAY

The game which the Arlington Heights grade school football team was to have played at Crystal Lake last Friday was postponed for one week and will be played to-day.

“Football Record of ‘Red’ Grange Still Amazing; Gained 3637 Yds.

As Illinois prepares to honor its greatest football player, Harold “Red” Grange, at the Ohio State Homecoming game in Memorial Stadium tomorrow, the record of the Galloping Ghost scanned today is as amazing as it was when he played his valedictory college game at Columbus in 1925.

Red Grange will arrive by plane from Chicago at 4 o'clock this afternoon to attend the game and attend activities, as guest of honor. He will speak over the Columbia middle-western network at 6:15 o'clock tonight.

In the three seasons that the famous number “77” flashed down the field as its wearer performed spectacular feat after feat, he gained more than two miles. Red piled up the astounding total of 3637 yards and no other back in the history of the gridiron ever came near equaling this yardage.

The Michigan game in 1924 saw Grange set three records for himself. He grabbed the kickoff and ran it back 95 yards for a touch-down and his longest run. He scored five touchdowns and gained 402 yards. Against Chicago the same year he completed seven passes for 177 yards. In three seasons of college play he completed 42 passes for 643 yards.

Red played in 20 games. In his last year he seldom had a good field to run on for it was the “Year of the Big Mud.” This was especially true in the Nebraska, Michigan and Chicago games of 1925 when the gridirons were soggy and slippery.

In all Grange scored 31 touchdowns. Nebraska in 1924 exulted

it had stopped Grange when he

averaged five yards a try.

Against Chicago in 1924 when

Illini champs ran wild for

37-0 victory . . . first Ohio State

victory at Illinois in 1916 when

Chick Gross's place-kick won 7-6.

THE FARMERS' COLUMN

BOND ISSUE FAILURE MEANS FARM TAXES

The I. A. A. while it is opposed in further bond issues, declares that unless the \$30,000,000 bond issue for the State of Illinois coming before the voters in November is approved the farming population will suffer from increased land taxes. It is estimated that the increased burden would amount to \$7,500,000 payable in 1935. This would amount to between \$10 and \$80 per farm of 160 acres, depending on valuation.

Of this amount Cook county farmers would have to pay \$7,200 or approximately \$72 per 160 acre farm. DuPage county farmers would have to pay a total of \$72,000 or about \$82 per 160 acre farm. These figures from Illinois Agricultural Record.

POLITICIANS WARNED TO KEEP HANDS OFF

The present farm program is being carried out under the authority of legislation enacted at the request of organized farmers. Politicians please note. It was not forced on us. Farmers fought 12 years to get it. The initial crop adjustment plan was and is quite complicated. The corn-hog program has been difficult to administer so as to give 100 per cent satisfaction. But the Adjustment Act is our program and we shall stand by it and try to improve and simplify its administration. The gains we have made and the results obtained since 1932 speak for themselves. They prove conclusively that farmers perhaps knew more about their own business and what was needed to control surpluses and raise prices than did Mr. Hoover who now views with alarm, I. A. A. Record.

LEGAL NOTICES

NOTICE TO CONTRACTORS

Sealed Proposals for the improvement of the thoroughfare described herein will be received at the Village Hall by the President and Board of Trustees of Arlington Heights, Illinois, until 7:30 P. M., October 22, 1934, and at that time publicly opened and read.

The proposed work is located on Campbell Avenue from Wilke Road to point 1300 feet east of Wilke Road.

The proposed improvement is officially known as Section 1 C. S. to be built with Motor Fuel Tax Funds.

The proposed improvement is to be the construction of a Bituminous Retread Surface (three inch thickness), twenty feet wide on the existing gravel and stone roadway.

Proposal forms may be obtained at the office of the Village Clerk, or at the office of the Village Engineers, Consoer, Townsend, Olden and Quinal, 205 West Wacker Drive, Chicago, Ill.

All proposals must be accompanied by a bank cashier's check, or bank draft for ten (10) per cent of the amount of the bid as provided in the "Standard Specifications for Road and Bridge Construction" prepared by the Department of Public Works and Buildings of the State of Illinois, adopted by said department January 2, 1932, and Supplemental Specifications effective July 2, 1934.

The President and Board of Trustees reserve the right to reject any or all proposals and to waive technicalities.

By order of the President and Board of Trustees of Arlington Heights, Illinois.

ARTHUR L. McELHOSE,
Village Clerk.

AUCTIONS

WILLIAM GOEBBERT ESTATE

Saturday, October 27, William Goebbert Estate will be sold at public auction by order of the Probate Court, Docket No. 337, on the William Goebbert farm, corner State and Algonquin roads, 3 miles south of Arlington Heights, 1 mile north of Schnell's Corners, commencing at 12:00 noon sharp.

By order of President and Board of Trustees of Arlington Heights, Illinois.

NOTICE TO CONTRACTORS

Sealed Proposals for the furnishing of material (crushed stone and screenings) for the improvement of Walnut avenue from Euclid to Vine St., and Thomas Street from Arlington Heights Road to Dunton Street, will be received at the Village Hall by the President and Board of Trustees of Arlington Heights, Illinois, until 7:30 P. M., October 22, 1934, and at that time publicly opened and read.

ARTHUR L. McELHOSE,
Village Clerk.

MRS. BEST IN HISTORIC STORY OF CLUB

Arlington Woman's Club Holds First Meeting Of 47th Year

Members of the Arlington Heights Woman's Club had the privilege Oct. 4th to listen to a historic story of the forty-seven years of that club, interestingly given by Mrs. Nellie Best, the club's historian. Mrs. Best has spent several months compiling a history of the club, which is to be bound into permanent form.

Starting as a reading circle in 1887, it is interesting to note that the club's first president, Mrs. Walker, is still alive, but aside from Mrs. Walker, Mrs. Nellie Best is the last surviving charter member. The story written by Mrs. Best and read to the club was the feature of the first session for the present year.

The program was "history of the club, past, present and future." It was very fitting that the story of the past should be given by its charter member, Mrs. Best who appeared in old time dress.

The present was represented by the president, Mrs. B. H. Jarvis, who gave an enthusiastic survey of the larger opportunities and advantages now afforded the organization and the nation-wide co-operation of federated clubs. Her inspiring foreword was service, community and national.

The future was, may we say, a skit given by three of the Junior Auxiliary club, Dorothy Helm, Eleanor Smith, and Norma Meyer, directed by Mrs. G. L. Parker. No long time arguing over choice of selection. These future club workers had no difficulty in choosing the officers, radio, television—aye and in a word technocracy covers it all.

Touch the button and presto. It was done up under the humorous aid of their director, proved the future club to promise an intriguing, tremendous success.

The reports of committees were next in order. Mrs. Kaeppel, chairman of the Music committee, gave an earnest talk urging present members of the chorus to be sure to attend the rehearsals and to urge all singers to become a part of our club chorus. We need their help. Her eloquent reasonable talk was much needed and may it bring results.

The president, Mrs. Jarvis, spoke urging the Revision committee would arrange and prepare the revised amendments of the club constitution, as early as possible, that it may be printed for the use of the club.

Mrs. Briggs on the Legislative branch of the citizenship committee read extracts from the Federation publications, urging all club members to take a greater interest in this special branch of our work. To know what laws are being

CITIES SERVICE STOCKHOLDERS

brought before the assembly for discussion and laws passed.

The director of the play recently given Mrs. B. A. Noyes, gave a report which proved it to be a grand success financially and as an entertainment. Mrs. Noyes desired a public expression of thanks to the cast. To the Lions club orchestra for music. To Lauterburg and Oehler for the palms, to all who helped to make the play a grand success. Here let us add appreciative thanks to Mrs. Noyes who so patiently and helpfully directed the players.

The hostess committee after introducing new members, to the number of ten served a refreshing "bite and a sup" during this time all agreed the opening session proved an auspicious outlook for the year.

The next meeting will be given October 17. Program—Present day problems given by Mrs. W. W. Ramsey. Before adjournment, the president, Mrs. Jarvis, urged the club members in all the trying problems of preparing for the approach of winter not to forget the rummage and white elephant sale, November 3, and to be sure to save for this sale and please clip the following list of best sellers:

Shoes, sweaters, winter coats, purses, trimmings, laces, yarn, crochet cotton, unfinished embroideries, jewelry, beads, trinkets, dishes, men's shirts, collars, underwear, caps for children, curtains, curtain materials or what have you? Save for all this don't forget the date, November 3.

War on Rats, Mice
Woodstock's health department is launching a war on rats and mice.

Leaps From Window To Save Clothes

Carl Behrens, Jr., son of Mr. and Mrs. Carl M. Behrens of Arlington Heights saved his own life and a suit of clothes last Wednesday afternoon when he leaped from the second story window of his home after other exits had been closed to him by fire.

The story of the fire appeared in the Herald last week, but there are a number of things about that fire that were interesting.

Christ Schoenbeck was probably the first to discover the fire. He saw the smoke from a distance and went to two houses in his effort to phone central, then to the Behrens house, from which Mrs. Behrens was just emerging after having discovered that there was a fire, nearly 20 minutes after it had started in the attic.

All of the Behrens possessions on the first floor were removed. One of them was a china closet full of dishes weighing 400 pounds, which four men carried out without breaking a dish.

One woman stayed on the first floor removing curtains, folding them, taking down the fixtures, etc., directing the men and did not leave until the chimney fell.

Carl Behrens, himself, pulled the biggest "boner." Going down in the basement he handed a wrench to a man, asking that they remove the water pump. They did so and they handed the wrench back to Carl who carefully placed it back in its rightful drawer, then left the basement with an article of small val-

ue, while he could have saved the wrench and his whole kit of tools.

Carl, Jr., knew nothing about the fire until on his way home from school when he saw his home in flames, is first thought was of a new suit of clothes in the bedroom. He rused into the house just as the chimney fell through carrying part of the stairway. He opened a window, threw out a mattress and with his new suit of clothes in his arms leaped for the mattress, in which he missed.

Nearly all of the bedroom furniture was constructed of steel, with the result that jewelry, watches, diamond rings, etc., passed thru a terrific heat, from which the diamonds were not effected, but the gold melted. Even the case of a watch became a nugget while the works did not.

A dressing table belonging to Kathalina landed upon the coal pile in the basement and could not be removed until the next day when it was found that the costume jewelry had melted into one mass, but through the glass could be seen a diamond or two, undamaged.

For some reason no one thought

Prof. Hermann Hering Talks at Arlington To Christian Scientists

According to Prof. Hermann S. Hering, who is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., the removal of abnormal conditions, structural, organic, or functional, has so frequently resulted from the study and application of Christian Science, that there is no longer question regarding whether these changes can be brought about through divine mental means, through spiritual prayer, as the Bible study.

Understanding of Christian Science, he said, can be gained only through faithful, thorough study

of the upstairs and heirlooms in trunks were destroyed as well as the majority of the personal wearing apparel and linens of the household. Mr. Behrens estimates his loss at \$5,000.

and intelligent, scientific and persistent application of the teachings of Mary Baker Eddy. He explained how Christian Science with its "Key to the Scriptures" enables the student to grasp, appreciate and understand the teachings of the Bible, by giving the spiritual sense of these teachings.

Prof. Hering spoke of his acquaintance and association with Mrs. Eddy, and of his observance of her as a master metaphysician, a genuine Christian, having the highest, purest sense of God, and having the deepest affection for mankind. When it was revealed to Mrs. Eddy, he said, that God is infinite mind, she discerned that word to mean infinite consciousness, infinite intelligence, infinite understanding.

Throughout his lecture, which was given under the auspices of Christian Science Society of Arlington Heights, Prof. Hering quoted frequently from the Bible and the Christian Science textbook, "Science and Health With Key to the Scriptures" to illustrate important points in his lecture.
